**Day 1: Read Primary Source**

*Identify Detailed Information From: Diodorus Siculus, c.50 BC “Biblotheca historica”*

- Exterior Evidence: ________________________________
- Interior Evidence: ________________________________
- Plants Evidence: ________________________________
- Waterways Evidence: ________________________________
- Size Evidence: ________________________________

**Day 2: Build Hanging Gardens of Babylon**

*Make Observations and Self-Assessments from Minecraft World, Playing in Creative Mode*

- Exterior 1 2 3 Evidence: ________________________________
- Interior 1 2 3 Evidence: ________________________________
- Plants 1 2 3 Evidence: ________________________________
- Waterways 1 2 3 Evidence: ________________________________
- Size 1 2 3 Evidence: ________________________________

**Reflection:** 1) How did my group’s model reflect Diodurus’s description of the Hanging Gardens? 2) What could we have done better after seeing the model on page 130? 3) What did my group do well in our model? ________________________________________________________________
